Re: Oliveri Architects  
32707 U.S. Hwy 19  
Palm Harbor, Florida 34684

To Whom It May Concern:

It is my pleasure to offer this endorsement of Joseph L. Oliveri, AIA and Oliveri Architects. Over the past seven years, my company has worked with Oliveri Architects on many highly successful projects including medical office buildings, surgery centers, commercial, retail and custom residential. Many of these projects are for repeat clients. The method of delivery for these projects has been a combination of competitive bid, negotiated general contractor and design/build with the end result being a very satisfied owner. In working together for the benefit of the owner, we have been able to deliver these projects within the established budget and timeframe while maintaining the high level of quality that owners expect. In my thirty-seven years in the construction industry, I have never worked with a more knowledgeable and creative architect than Joseph Oliveri. The ability and willingness to work with owners and contractors to solve problematic issues is a key component of the success of Oliveri Architects. It is without reservation that I recommend Joseph L. Oliveri, AIA and his staff at Oliveri Architects for any project that may be contemplated.

With Best Regards,

Wallace Associates, LLC
